LITTLE WINGS FOUNDATION:

The Little Wings Foundation is a non-profit fund-of-funds. You donate to us, and we donate the money or needed materials to many different charities. 100% of your donations to us go to charity. We make it our mission to find and support well-run, organized, unique, and sincere non-profits that provide the highest return on your generosity. If you have a charity you would like us to donate to, we will take the time to make sure your money goes primarily to those that charity is intended to help. When you donate to Little Wings you know that we've researched and in many cases volunteered with the organizations we give to. As the donor, you can feel good about giving to charity, and know that your donation is going primarily to the cause not the overhead costs of the organization.

EPISCOPAL SOCIAL SERVICES:

The mission of ESS is to transform the lives and communities of New Yorkers in need. ESS currently serves some 5,000 of New York City's most vulnerable residents annually through a broad range of programs in human services, including foster care and adoption, family preservation, early childhood education, after-school programs, group homes for developmentally disabled adults, and community re-integration of the formerly-incarcerated. For over 175 years ESS has pursued that mission in all boroughs of New York City, with a current emphasis on the Bronx and Manhattan, and a growing presence in Brooklyn.
